Heavy Damage as Storm Skips Over Arkansas

LITTLE ROCK (AP)—A potentially murderous thunderstorm skipped across central Arkansas Monday night, carrying a funnel cloud over Little Rock. In southern Arkansas, a wind-driven storm slashed the El Dorado area.

The danger was highest in the central section, but damage was heaviest in the El Dorado area.

The funnel did not touch down in the Little Rock area and the only damage reported was to roofs and cars in the Vimy Ridge area southwest of the capital city, where large hailstone clusters fell.

In El Dorado, a number of downtown businesses were damaged, most of them by water after wind up to 75 miles per hour in gusts smashed out plate glass windows. Very heavy rain poured down during the storm.

A number of power failures were reported and the El Dorado hospital went on emergency power. There was widespread damage to roofs and television antennas and a fallen tree partly blocked Highway 7 near El Dorado.

Firemen received dozens of calls.

Nothing store mannikins and apparel from windows were blown into downtown streets by the raging wind.

Heavy hail fell in the Smackover and Norphlet areas north of El Dorado but no damage was reported.

The U.S. Weather Bureau in Little Rock tracked a storm which moved out of the north over Little Rock. It issued an alert warning of possible large hailstones. Some hail fell in the southwest part of the city.

The hailstones at Vimy Ridge fell in clusters measured by Weather Bureau observer Mrs. C. D. Smith at eight inches by seven inches in diameter and an inch and a half thick. She put some in her refrigerator to show unbelievers.

When Chuck Hess, 29, a meteorological technician for the Weather Bureau, heard the hail alert at home, he went to his backyard to watch the storm. In the frequent lightning bursts he saw a long, black, snake-like funnel cloud dancing over the western part of the city. He stayed outside in the rain to watch it except for dashes inside to inform the Weather Bureau of its progress.

"My specialty is upper air diagnosis," he said. "But this night I didn't want to specialize."

"I could hear it—a low roar—as the rain and wind increased. I had the kids out in the car ready to go south if it came down."

He watched the funnel for about 15 minutes at 8 p.m., then saw it ascend into ominous clouds. Like the thunderstorm, it came out of the northwest. This is rare for tornadoes, which usually follow a northeastward path.

Pea-sized hail was reported in west Little Rock. The storm lost its velocity over the city and dissipated in southeast Arkansas.

"I hate to think what would have happened if that twister had come down," Hess said. "It was right over the residential sections. It would have been the devil."

Bids to Be Opened for Shirt Plant

MOUNTAIN HOME, Ark. (AP)—Bids will be opened here Wednesday on the Mar-Bax Shirt Co. plant to be built at Gassville with funds from a \$535,000 bond issue voted by Marion and Baxter county residents.

A group of businessmen has started a campaign for \$12,000 in contributions to pay for preliminary work not covered by the bonds.

The law under which the counties voted the bonds is being tested in the Arkansas Supreme Court.

However, the bonds already have been sold and architects have plans and specifications for the plant nearly finished.

Washington Hit by Heavy Hail

Heavy hailstones lashed the town of Washington about 11 o'clock last night, causing considerable damage to roofs, trees and gardens. There was no reported injuries.

A Washington resident said the hail, some the size of eggs and walnuts completely covered the ground. Strangely, the stars were out and moon shining about an hour before the hail struck. Rainfall was estimated at about an inch.

Laos Ceasefire Is Violated, Thailand Says

By LOUIS NEVIN

GENEVA (AP)—Charging the cease-fire in Laos is still being violated, Thailand today called for an expanded International Control Commission to pacify the country.

Foreign Minister Thanat Khoman of Thailand told the Geneva conference on Laos it is futile to try to solve the Laotian problem here while fighting is still going on.

He proposed that the Indian-Polish-Canadian control commission in Laos be enlarged by adding two countries from Southeast Asia.

Khoman objected to adding a veto to the control commission's operations, as proposed by the Soviet Union. He said this would hamper the commission's work.

The Thai minister suggested that two pro-Western Royal Laotian political leaders be seated at the conference now being attended by the Communist-backed Pathet Lao and the delegation of neutralist Prince Souvanna Phouma. The Laotian government has boycotted the meeting in protest against seating the rival groups.

Conference sources said this is a face-saving move to enable the Royal Laotians to have a voice in the conference.

Thailand's was the last of a week of opening statements to the 14-nation meeting.

Dedication at Washington on May 31

Formal dedication of the restored Blacksmith Shop and the Old Tavern at Washington has been scheduled for May 31, the Washington Restoration Foundation announced.

Expected to be on hand for the occasion are the donors whose gifts made possible the restoration—Mr. and Mrs. W. R. King of Memphis, who restored the Tavern and Albert Sims of Albuquerque who restored the Blacksmith shop.

Dedication ceremonies will be held at 6 p.m. at the Blacksmith shop with Neil Bolinger as principal speaker. Dinner will be held at 7 p.m. when Foundation President George Peck will introduce Master of Ceremonies James Pilkinton. Speaker for the occasion will be Gov. Orval E. Faubus.

Each plate at this fund raising dinner will be \$25. All the money derived will be used to restore the old school which was recently given to the Foundation. Immediate plans call for restoration of a tea room on the lower floor and possibly a ballroom later on the upper floor.

McCaskill Plans Last Future Series

The second and final session of the Arkansas Future Series will be held in the McCaskill community Wednesday night, beginning at 8 p.m. according to Mrs. Gordon Prescott, president of the McCaskill RCL.

Mrs. J. O. Harris will be the leader for the discussion on "A Developing Arkansas" and Mrs. J. S. Moses will lead the group in discussing "Arkansas' Future."

At an earlier meeting, Mrs. Leon Prescott was leader for the discussion on "Arkansas Today" and Mrs. Cloyd Bittick for "A Changing Arkansas."

Senators Told CIA Spent \$45 Millions Training Men Never Geared for Cuban Invasion

By JACK BELL

WASHINGTON (AP)—Senators have been told the Central Intelligence Agency (CIA) spent \$45 million training and equipping a 1,500-man guerrilla force never geared for a full-scale Cuban invasion.

Gen. Lyman L. Lemnitzer, chairman of the Joint Chiefs of Staff, is reported to have testified before a Senate Foreign Relations subcommittee that he gave informal approval of military arrangements for an attempt to land the 1,500 at a point where they could join guerrillas operating in the mountains.

Lemnitzer was said by committee members to have made it clear that he specified the attempt would be successful only if certain conditions were met.

These reportedly included the destruction of Fidel Castro's major air force, plus realization of the CIA's prediction that anti-Castro groups would rally to help the invaders escape to the mountains when they came ashore.

The objective, it was reported, was to avoid contact with Castro's army, if possible, and to consolidate forces that could harass him and provide cover for possible further landings.

Instead, almost everything went wrong. The invaders' old B26 bombers did not bomb the airfields. In fact, the bombers arrived in Cuba in broad daylight, when Castro's armed T33 trainers already were in the air.

Castro knew in advance of the landing site and had massed his forces, equipped with tanks and artillery, to greet the incoming guerrillas. His more modern plane shot down several of the World War II bombers, leaving the anti-Castro troops without air cover.

The final disaster was the sinking of an old Liberty ship carrying most of their communications equipment and ammunition.

This explanation apparently has convinced most subcommittee members—except Sen. Albert Gore, D-Tenn.—that the joint chiefs are not primarily to blame for the fiasco.

Gore, who called previously for replacement of the joint chiefs, renewed in the Senate Monday his contention that those "charged with official responsibility should be held responsible for the part they played."

Comedienne Joan Davis Dies at 47

PALM SPRINGS, Calif. (AP)—Comedienne Joan Davis of radio and TV fame died in a Palm Springs hospital today following a heart attack.

An associate said Miss Davis suffered the attack at her home here Monday afternoon and was taken to an emergency hospital. She died at 3 a.m. today.

Miss Davis, 47, had a long run with her television series called "I Married Joan," in which the male lead was played by Jim Backus.

Sex Party Resulted in Slaying

HOUSTON, Tex. (AP) The defense was expected to call several more witnesses today in the murder trial of a female impersonator and his girl friend.

Leslie Douglas Ashley, 23, formerly of Hot Springs, Ark., and Carolyn Ann Lima, 18 testified Monday that Fred A. Tones was shot to death during a struggle at a sex party in Tones' real estate office. They claimed self defense.

Tones' body soaked with gasoline, was found blazing in a ditch Feb. 6.

Defense Atty. Jack Knight indicated he may rest his case this afternoon.

Miss Lima said Tones became belligerent when Ashley and Miss Lima balked at his conduct during the affair in his office.

The couple said Tones started choking Ashley and Ashley said he took a gun from Miss Lima's purse and shot Tones.

Cattlemen Plan Meet Friday Night

The Hempstead County Beef Cattlemen's Assn. will meet Friday May 26. The meeting will be held at the Experiment Station and will get underway at 7:30 p.m.

Systemic insecticides and their uses in controlling livestock pests will be the topic of discussion. Systemic insecticides are being used more by farmers in Hempstead than ever before. These pesticides, when sprayed on cattle, are absorbed by the skin. The blood then picks up the material and carries it to all parts of the body. External as well as internal insects are killed by the insecticide.

A representative of Chemagro Corp. of Memphis will be the speaker. Beef cattle producers interested in the Cattlemen's Association are urged to attend.

Texas Injured in Plane Crash

POWELL, Mo. (AP)—A single-engine plane crashed in rugged Ozark hill country Monday and a man from Dallas, Texas, was pulled from the wreckage injured.

Rescued was Largest Parks Jr., 38. He was taken to the hospital at Stella, Mo.

Powell is located approximately 40 miles south of Joplin, in southwestern Missouri.

Kennedy to Call for More Spending

WASHINGTON (AP)—Democratic congressional leaders reported today that President Kennedy will propose this week substantial increases in government spending on space, military ground forces and aid to Southeast Asia.

Kennedy will send one message—and possibly two—to Congress on Thursday, they said.

The President left open the chance that he will deliver a separate message on space in person. The other two proposals, at least, will be combined in a written message.

House Speaker Sam Rayburn of Texas told newsmen after the weekly breakfast session with Kennedy that the President's recommendations will cover the space program, Civil Defense, retraining for unemployed workers, some additional funds for the armed services and a supplemental appropriation for foreign aid.

Whether the retraining proposal would be the only one in the labor field was not specifically stated. Other sources had reported earlier that a modest set of new tools to try to curtail hardcore unemployment was in the works.

Sen. George A. Smathers, D-Fla., said he understands Kennedy will ask for about \$255 million to put more muscle into Army and Marine divisions.

He said this money would be used immediately.

Rayburn said no definite money total was discussed but the increases sought by Kennedy would be "rather substantial."

Smathers, who is secretary of the conference of Democratic senators, said the President's space proposals would entail a "sizeable money request."

The sources who outlined part of the plans earlier had estimated a price tag of \$1 billion for the whole package.

Cities to Hire Gas Rate Expert

LITTLE ROCK (AP)—A rate expert may be hired next week by cities protesting Arkansas Louisiana Gas Co.'s recent rate increase, El Dorado City Atty. James Spencer said Monday. El Dorado, Pine Bluff, North Little Rock, Norphlet, Morrilton and Nashville have promised to help pay the expert's fee, Spencer said. The Public Service Commission will set a hearing as soon as the cities prepare their case.

Tractors for Prisoners Trade Stalls

By HARRY KELLY

WASHINGTON (AP)—Crackling charges and demands threatened the tractors-for-prisoners trade today from two sides—the U. S. Congress and Fidel Castro.

Secretary of State Dean Rusk was faced with angry congressional demands that he say whether the administration approves the private efforts to exchange earthmoving equipment for the freedom of 1,200 Cuban invasion prisoners.

A flurry of heated speeches in which Cuban Prime Minister Castro's proposal for such an exchange was described as a "hellacious barter" by an "inhuman monster" kept the Senate in session until early evening Monday.

From Cuba, meanwhile, came word that Castro reportedly threatens to break off the negotiations.

"If the insults of Mr. Kennedy's agents continue with regard to the indemnification Cuba demands," said an official Cuban radio commentator, "then all discussion will be stopped and the mercenaries (prisoners) will have to face the revolutionary tribunals of the Cuban people."

Castro has been infuriated by the United States' calling the proposal an exchange. He insists it is indemnification for damage caused by the invasion.

Exchange or indemnification, U. S. Senators minced no words about the proposition.

Sen. Wayne Morse, D-Ore., chairman of the Senate Latin American subcommittee, said the State Department owes it to the American people to make a statement of policy on the offer.

He asked Rusk to announce soon "what the position of our government is."

Morse called it "a dangerous fling to countenance" voluntary committees whose operations are bound to have "repercussions on our foreign policy."

Sen. J. W. Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee, said he did not believe the government "should lend itself to that kind of a blackmail operation."

While the turmoil swirled, the fund-raising committee—composed of labor leader Walter P. Reuther, Eleanor Roosevelt, and Dr. Milton Eisenhower, brother of the former president—met with a delegation of 10 Cuban prisoners. The prisoners were paroled by Castro to come to the United States to try to negotiate the deal.

Reuther announced afterward that his group had agreed to supply the tractors, provided Castro meets certain conditions.

Reuther appealed to Americans to contribute to a fund for the tractors—which may cost as much as \$17 million.

Bank to Reduce Interest Rate

LITTLE ROCK (AP)—The Little Rock regional Federal Home Loan Bank will reduce its interest rate from 3.75 to 3.5 percent effective June 1.

A bank spokesman said the reduction is in line with President Kennedy's efforts to reduce interest rates on home mortgage money.

In the Little Rock bank's area, the reduction will affect only savings and loan associations which are affiliated with the federal bank. That affiliation is similar to the relation of commercial banks to the Federal Reserve System.

The spokesman said it could not be determined what effect the interest reduction would have on interest rates charged individual home buyers, but that it was hoped it would help bring a reduction.

Calls CD Workers Unsung Heroes

LITTLE ROCK (AP)—A top federal Civil Defense official told CD workers today they are the unsung heroes of the cold war.

Eugene J. Quindlen, deputy assistant director in the Office of Civil Defense Mobilization, told delegates to a five-state conference that "Public plaudits will be heard not so much in civic testimonials as in the quietest criticism of your detractors and the reluctant attention of the people."

In a keynote speech, Quindlen noted that the federal government is seeking additional matching funds to bolster local Civil Defense programs.

Man Arrested for Beating Two Newsmen

MONTGOMERY, Ala. (AP)—A Negro leader said today the "freedom riders" whose arrival here touched off race riots last Saturday will continue their test of Southern bus station segregation barriers.

But the spokesman, the Rev. Martin Luther King Jr., declined to say when the 18 Negroes still remaining in the group plan to leave Montgomery.

King told a news conference the group met for four hours Monday night and decided that "the freedom ride must continue, we will not specify the exact time, but it will continue."

King said the riders plan to head for New Orleans, La., their original destination, and hope to stop in Mississippi despite Gov. Ross Barnett's announced intention to escort them through the state.

But King emphasized that the trip through the South will not be resumed today. He said the riders will spend the remainder of the day in what he called a "non-violence workshop in order to cleanse themselves for the goal ahead."

King said the Rev. James Lawson of Nashville, Tenn., was due to arrive in racially tense Montgomery today to lead the "freedom riders" in the workshop. King described Lawson as a "leading advocate of non-violence."

A Nazi "hate" bus rolled through the city with civilian police under instructions to "try to keep them moving."

U. S. Shows Concern About Korea

By GENE KRAMER

SEOUL, South Korea (AP)—The U.S. Embassy today expressed deep concern about the abolition of all political parties by South Korea's new military rulers. The military junta also refused to approve an agreement bringing their soldiers back under U.N. control.

"Any step suppressing free government processes and which makes more difficult restoration of civil government is a matter of deep concern," said a U.S. Embassy spokesman.

The generals ruling the country showed no sign of backing down under U.S. pressure.

The embassy also is supporting the U.N. Command in its efforts to have the South Korean military recognize the authority of U.S. Gen. Carter B. Magruder. As U.N. commander he is operational chief of all military forces in South Korea.

Maj. Gen. Pak Chung-hi, chief political strategist of last week's coup, told newsmen Korean forces would return to Magruder's control as soon as possible.

But several hours later the U.N. Command issued a statement saying the 30-member Supreme Military Council had overruled Pak on part of an agreement with Magruder.

This voided the entire agreement, the U.N. Command said, although it added that there were still "some points on which their views coincided."

The council's bulky stand tended to confirm reports of dissension within the group. Some marine and paratroop commanders are reported demanding more places in the Cabinet composed largely of army men.

Senate Acts to Broaden School Bill

WASHINGTON (AP)—The Senate today voted to broaden the \$2.55 billion school aid bill to permit spending for general operating expenses of public grade and high schools.

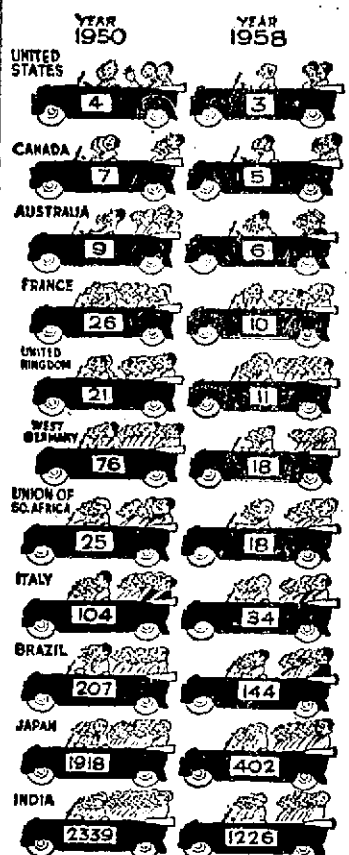

It adopted, 51-39, an amendment by Sen. Winston L. Prouty, R-Vt., to permit use of the federal money for such things as bus transportation, textbooks, janitor and clerical services, and libraries. This was the first change in the bill voted by the Senate in six days of floor debate, but it was made with the support of the floor manager for the measure, Sen. Wayne Morse, D-Ore. It also was understood to have the concurrence of the Kennedy administration.

The bill originally would have limited use of the federal funds to teacher salaries and school construction. The amendment did not increase the amount of the grants. Prouty contended some states need such things as libraries for their schools more than new buildings or raises for teachers. However, the amendment was opposed both by foes of federal aid to education and by some supporters of the bill.

The bill cleared a major hurdle in the Senate Monday with 61-25 defeat of an amendment by Sen. Prescott Bush, R-Conn., barring aid to schools which are not making progress in achieving racial integration. The equally ticklish issue of aid for church schools was to be raised in the House Committee which is considering a companion measure to the Senate version.

Pending in that group is an amendment by Rep. Herbert Zelenko, D-N.Y., to add to the measure grants for construction of private schools.

Administration supporters said the vote on this would be extremely close. They feared its inclusion would result in the defeat of the

arm bands, is en route from Arlington, Va., to New Orleans as a protest against racial integration and communism, said the American Nazi party's leader, George Lincoln Rockwell.

Members of the Alabama Legislature, in the early weeks of their biennial session, returned from a weekend recess to find the city under martial law after two days of race rioting.

They were expected to invite Gov. John Patterson to make an emergency appearance before the jointly assembled House and Senate after the legislature met at noon.

Earlier today, city police arrested a former reserve policeman accused of beating two television newsmen in the first outbreak of violence last Saturday. Police department records show the defendant resigned about two weeks ago.

A Negro hotel bellboy, bandaged over one eye, told newsmen he was struck by a flying bottle while walking to work early today. He said he didn't see his assailant.

Assistant Police Chief E. P. Brown said a man identified as Claude Henley, 37, of Montgomery was jailed and then released under \$200 bond on charges of attacking NBC cameraman Maurice (Moe) Leavay and soundman H. W. Riser.

A mob jerked cameras from photographers and beat the newsmen before savagely attacking nearly two dozen white and Negro freedom riders just after they stepped off a bus in the Greyhound station Saturday.

Also beaten was John Seigenthaler, an assistant to Atty. Gen. Robert Kennedy. Seigenthaler had come here as President Kennedy's emissary to ask Gov. John Patterson to guarantee the safety of the freedom riders.

Five persons were fined from \$25 to \$100 Monday for failing to obey officers at the bus station riot. Police said the five did not take part in the violence.

National Guardsmen, who took over the city under Gov. Patterson's order of qualified martial law, Monday night quadrupled their guard at the Greyhound bus station to keep away loitering white youths. City police arrested seven youths who surrounded two Negroes in a car.

Another element in the building tension was the expected arrival of 12 American Nazi party's "hate bus" riders. Party head George Lincoln Rockwell described the bus as a protest against communism and integration.

Guardsmen in jeeps or on foot in squads with fixed bayonets, patrolled the streets. City police aided, but the hundreds of federal marshals ordered here by

Phone Firm Asks to Sell Shares

LITTLE ROCK (AP)—The Southwestern States Telephone Co. today asked the Arkansas Public Service Commission for authority to sell 110,000 shares of common stock.

The application said the company had a commitment from a stockbroker to buy 100,000 shares at \$20 a share and that the other 10,000 shares would be sold to employees.

Some will be used to help finance the \$8 million expansion program, of which \$715,000 will be spent in the central and east Arkansas cities in which Southwestern States operates.

Cities served by the company include Jacksonville, Little Rock, Air Force Base, Stuttgart, Pocatongo, De Witt, Corning, Des Arc, De Valls Bluff, Carlisle, Judsonia, Piggott, Hazen, England and Cabot.

Johnson to Give Report on Trip

WASHINGTON (AP)—Vice President Lyndon B. Johnson will report to President Kennedy Wednesday on his trip to South-east Asia.

Johnson, stopping over in Bermuda today on his way home, plans to fly in Wednesday morning. Assistant White House press secretary Andrew T. Hatcher said he is expected to see Kennedy about 11:15 a.m.

After reporting to the President, Hatcher said, Johnson will hold a news conference.

Atty. Gen. Kennedy were no longer on the streets.

The marshals, who kept the Sunday night mob at bay at the Negro First Baptist church until state patrolmen and guardsmen arrived, were withdrawn by the Justice Department. They are standing by at Maxwell Air Force Base on the outskirts of the city.

Anonymous telephoned bomb threats were made to the bus station, radio station WAPX, two white junior high schools, a white college and a Negro college. Investigating National Guardsmen, city police and firemen found no bombs.

Tells Steps to Revive Business

LITTLE ROCK (AP)—A federal industry specialist today outlined in a speech to a Civil Defense conference 10 steps to insure the survival of industrial firms and business establishments in an enemy attack.

Stan Johnson, industry specialist for the U.S. Office of Civil and Defense Mobilization, said local Civil Defense directors must work with industry to inform the population about family and home preparedness.

His 10 steps for industry survival included formulating a plan for evacuation and providing shelters for employees, planning replacements for key officials, protecting vital records, planning emergency repair and rebuilding and decentralization of production of critical items.

He spoke to the opening session of the conference which lasts through Thursday.

Graduates Told to Have Courage

MONTICELLO, Ark. (AP)—Gov. Orval E. Faubus told the 90 graduating senior of Arkansas A&M College Monday night that they must have "courage and willingness to change ordinary circumstances into unusual circumstances."

In his commencement speech, he got in a plug for his proposed \$60 million dollar construction bond issue, telling the students "An opportunity is now knocking. Provision for the influx of young people into educational institutions must be made now."

Glamorized Military

Officials Would Meet With JFK

MONTEVIDEO, Uruguay (AP)—Most South American chiefs of state may join President Kennedy if he comes here for an inter-American conference July 15, informed sources said today.

They added that negotiations are under way to get Presidents Arturo Frondizi of Argentina, Janio Quadros of Brazil, Jorge Alessandri of Chile, Manuel Prado of Peru and Jose Velasco Ibarra of Ecuador to attend the meeting. Official sources declined to confirm this.

The July meeting has been called to launch a high-gear program for Latin-American development on the basis of Kennedy's "alliance for progress" plan.

Uruguayan officials privately said Kennedy's visit here has been decided, although it has not been officially announced.

Co-workers heard him cry out and pulled his body from beneath the house, but he was dead on arrival at a hospital.

Flood Could Have Been Prevented

HARRISON, Ark. (AP)—An Army engineer said Harrison's May 7 flood could have been prevented if Congress had not held up a flood control project on grounds it was economically unfeasible. Maj. Gen. Robert J. Fleming of Dallas, after a tour of the flooded area Monday, said the Corps of Engineers will step up its timetable for developing flood control facilities on Crooked Creek. Preliminary plans will be ready in six weeks, he said.

forecast for ENERGY

Bigger and faster jets will help thrust America's demand for energy twice as high by 1980

Big jetliners use more than 2,000 gallons of fuel per hour. When you consider the increasing number of military and commercial aircraft that criss-cross the nation's skies, it's easy to see why our energy needs are climbing. Vast amounts of energy also are needed to melt, treat and process the materials used to build aircraft. Aviation is just one of many industries calling for more and more energy. America will consume twice as much energy by 1980.

Where will it come from? Much will come from present energy sources, some from new ones. Wherever produced, a large share of energy in its most efficient and usable forms will be transported via pipelines. Texas Eastern's natural gas pipelines, which stretch from the Mexican border to the Atlantic Seaboard, have capacity to fuel thousands of factories and heat millions of homes... Our Little Big Inch pipeline system, largest of its kind, delivers liquid petroleum products from Gulf Coast refineries to Midwest markets. Looking to the future, Texas Eastern is growing and diversifying today to meet tomorrow's energy needs.

LITTLE ROCK (AP) — Gov. Orval E. Faubus Monday reduced from 21 to 12 years the prison term of Luther Ray White of Strong who was convicted of second-degree murder in the card game slaying of Willie T. White on May 12, 1957.

Says World in a State of Shock

By HAL BOYLE

NEW YORK (AP)—"The whole world is in a state of shock," said author John Steinbeck. "That is why people don't think. 'You can't think when you're in a state of shock.'"

At 59 Steinbeck, rated among the best of the United States' living writers, has turned out 27 books. His latest novel, "The Winter of Our Discontent," will be published next month.

But for 30 years Steinbeck also has made an intensive study of the Middle Ages, and feels mankind is again entering that kind of historical period.

"Again we're seeing the break-up of old forms of authority—religious, governmental, even parental—before new ones are established," he said, pugging cheerfully on a pipe in the study of his East Side home.

"That's why people are so restless and worried. They don't know what to do to."

"There's even a new trend in cocktail parties here. Instead of showing up with their husbands or wives or mistresses or lovers, people bring their psychiatrists."

"Good Lord, the way we live."

But Steinbeck, who saw life in the raw in half a dozen jobs ranging from brick laying to war reporting, retains a wonderful gusto for living. Rumpiling his graying hair and beard, swiveling his glasses from his nose to the top of his head, he scribbles out 2,000 words of prose almost daily with a ball point pen in a series of old fashioned ledgers.

"I used to write 3,000 words a day, but it got to be too exhausting," he said.

The ledgers in which he writes would be gold mines to future literary scholars — if Steinbeck kept them. But he says he throws them away.

"They don't seem awfully damn important to me," he said in the

Proclamation

The Memorial to American War Dead, which is observed twice a year by the American Legion Auxiliary will be Saturday, May 27, 1961 in Hope by the Auxiliary of Leslie Huddleston Post No. 12.

Remembering those who gave their lives in defense of our country it is fitting that we keep those memories bright by wearing a Poppy and all citizens are urged to participate in this great tribute. The contributions made on Poppy Day will be used for care of needy veterans and their dependent children, also help provide valuable occupational therapy to the veterans in our hospitals.

Volunteer workers will be offering these little red poppies of remembrance to the people on the streets of Hope, Saturday, May 27.

Mayor Frank Douglas, issue this proclamation and proclaim Saturday, May 27 as Poppy Day in the City of Hope and urge all citizens to observe that day by wearing the Memorial Poppy.

rapid-fire, half mumble with which he talks.

"I heard once that J.P. Morgan spent a fortune for three of Shelley's hairs. Ridiculous. If he had lived when Shelley did, he probably wouldn't have read a line of his poetry."

Hailed as a social reformer when "Grapes of Wrath" appeared in 1940, Steinbeck feels he has grown both more intense and more mature with the years.

"Everything in life is colored by your personality," he observed "but as you mature you become more aware of outside things, less concerned about yourself."

"There's nothing that cleans like dying. If you stick around too long, they get tired of you. Sometimes I think I've stuck around too long."

"I may run out of gas, but not out of ideas as ideas have pups. It's when you're not doing anything that you don't have ideas."

DOROTHY DIX

Girl Seeks to Clear Her Name

By HELEN WORDEN ERSKINE

Dear Helen: I love a boy with whom I've been going steady for five and a half years. About seven years ago when I was barely 13, I lived with a lady preacher and her husband. One night late the husband came into my bedroom. I was so scared to scream. Somehow I pushed him away without making any noise. His wife didn't know, even though she was in the next bedroom asleep.

I have told my boy friend the whole story. He halfway believes I gave myself to this man and, though he loves me, no longer trusts me. It may be too late and cause a lot of trouble but I want to tell this man's wife what happened. I want my boy friend to believe me. I've got to prove I didn't give myself away to this man. Shouldn't he have to suffer, same as I? —Desperate

Dear Desperate: You face a difficult and unusual problem. It is made more difficult by your own conflicting emotions. You want the man punished; "shouldn't he suffer?" you ask. At the same time you want Christian understanding and belief by your boy friend. Let's take these problems one at a time:

First, forget about revenge on the man. He is a weak, confused creature. He showed that when he went into your bedroom and again when he allowed you, a young girl, to push him away. Actually, he is probably grateful that you did. You saved him from a sin for which he could never forgive himself. You have had an encounter with one of the many disturbed men of the world; be thankful it was only a brief meeting. Seek peace of mind, not revenge.

Second, tell your boy friend that you have told him the whole truth and that you expect him to believe it. Tell him you must share each other's hearts and each other's trust. If he does not believe you, keep him as a friend if you wish but do not marry him. You can never make a happy marriage if he still doubts you. If he does not believe your story of an encounter with a neurotic man seven years ago, will he not worry about the laun-

dryman, the milkman and the butcher?

Discuss the matter calmly with your boy friend. Do not get emotional. Ask him to weigh each fact and each statement. Be frank and act as if you expect frankness from him. If he loves you, he will understand. If he refuses to understand, seek someone else.

Dear Helen: I love my husband and he knows it. I am jealous and he knows that. I say to myself there must be somebody else if he treats me as he does, then I beat the children and say things I don't mean all because he does me like he does.

Last summer, he and two married men went fishing every Saturday and Sunday, leaving me and our children to ride around with the other men's wives and their children. That's how we wives spent our whole summer.

This past winter the big snow was all that kept my husband home and that made him as good company as a hornet. Last Sunday I started packing my clothes to leave. He said if I went out the door, that would be the end I've not gone yet because he'd try to take the children. He never puts on anything but his work clothes unless he has to go to a funeral. When I ask him why he don't take me places he says, "The car's there, if you want to go, go!" Please tell me how I can get him to love me like he used to. I'm not ugly. —Very Unhappy

Dear Very Unhappy: There's only one way to rekindle and hold the love of your husband—force yourself to be as independent as he. Build your own life. Take the car, go places, see people, invite them to your home. Deflate his ego by proving that you can enjoy yourself without him. Once you get the idea across, he'll be counting you all over again. And, above all, keep your jealousy to yourself.

Send your problems to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets

Okays Raise in Bus Fare Rates

LITTLE ROCK (AP)—The Arkansas Commerce Commission 16-day approved a request by 14 bus companies for a five per cent increase in intrastate fares.

The increase will take effect 10 days after the bus companies give formal notice to the public. The commission exempted from the boost several routes of the Crown Coach in western Arkansas in an area generally between Siloam Springs and Texarkana.

A commission spokesman said Crown did not ask the full increase in this area. No reason was given but he said he believed competitive factors probably were responsible.

Part of the Crown routes will have an increase of less than five per cent and on some there will be no increase.

The bus companies asked for the fare boost on March 8 and the commission held a hearing April 17 at which 11 witnesses testified for the increase.

There was no opposition. "The record clearly shows that there is now, and has been for some years, an upward trend in the case of operation which can be offset only by authorization of increases in the price of the services rendered," the commission order said.

20 Days of Rain

BELGRADE, Yugoslavia (AP)—More than 20 days of steady rains have caused extensive flooding in central Yugoslavia. The road connecting Belgrade with Greece was cut today and 600 houses were under water in Leskovac. Helicopters rescued persons marooned on roofs. Army boats saved others. Three dead were reported.

20,000 Graduates

LITTLE ROCK (AP)—More than 20,000 students will be graduated from Arkansas high schools this year, State Education Commissioner Arch W. Ford said. This is an increase over previous years, but there is still a heavy drop-out rate at the junior high level, he added.

Detroit Licks Kansas City to Retain Margin

By ED WILKS
Associated Press Sports Writer

First place Detroit walloped Kansas City 10-2 Monday night and retained a 3½-game lead in the American League race over Cleveland. The Indians defeated Minnesota 7-5 in 15 innings, and the third place New York, retired in order for five innings by Jack Fisher, beat Baltimore 4-2. Boston defeated the Chicago White Sox 4-1 and the Los Angeles Angels beat Washington 6-4.

In the National League, San Francisco retained a .014 percentage-point edge by beating St. Louis 3-1 while the second-place Los Angeles Dodgers won 2-1 in 10 innings at Cincinnati. Pittsburgh beat Milwaukee 2-1 in the only other game.

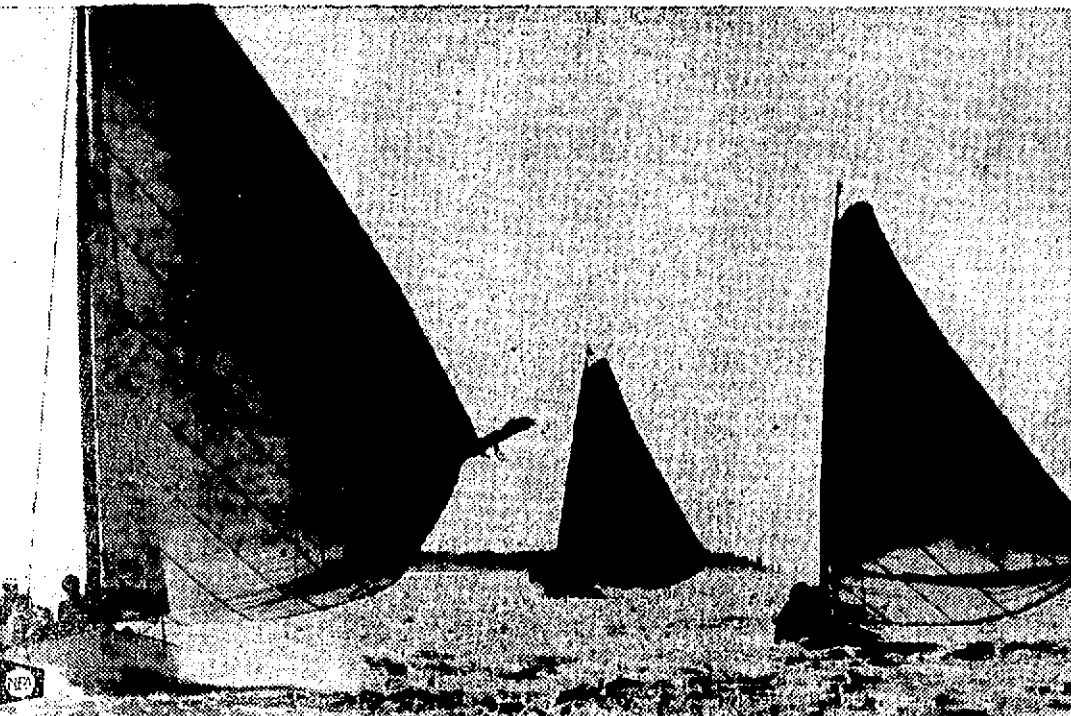

Clete Boyer broke up the perfect game by Fisher (1-5) with a leadoff single in the sixth inning for the Yankees and came around with an unearned run for a 1-1 tie. Boyer also hit a three-run homer in the eighth—with all the runs unearned—off Fisher, who finished with a five-hitter.

The Yankees, with Jim Coates (4-2) winning in relief of Art Ditmar, put it away in a four-run seventh. Two walks and a single by Yogi Berra broke the tie, and the clinching run came home when second base umpire Larry Napp ruled second baseman Marv Breeding had trapped a liner by Elston Howard. After the Orioles gave up their argument that Breeding had caught the ball, Tony Kubek capped the inning with a two-run, two-out single.

The Tigers came from behind on a tying, solo homer by Norm Cash in the fourth inning, then flattened the A's with six runs in the fifth off Norm Bass (2-2). Right-hander Phil Regan (5-0) allowed just five hits, one a pinch homer by Don Larsen.

Cleveland, 4-0 in extra-inning games, made it six straight on Willie Kirkland's tie-breaking single in the 15th off losing reliever Ted Sadowski and eight innings of two-hit, shutout relief by Frank Funk (5-2). A pair of two-run homers by Woody Held overhauled a 5-1 lead by the Twins.

Bill Monbouquette put away only his third victory in seven decisions for Boston, but reduced his earned run average to 1.93 for 60 2-3 innings while beating the White Sox with a seven-hitter. Frank Baumann (2-3) was the loser, giving up a walk and singles by Carl Yastrzemski, Jim

Lookouts Are Confident on Home Trip

By VERNON BUTLER
Associated Press Sports Writer

Chattanooga's hustling young Lookouts sped homeward today serenely confident that no one will blast them out of the Southern Association lead.

And the evidence on the side of the Lookouts backed the current league leaders to the hilt. Shreveport tried the blast technique Monday night with five home runs in the first two innings and led the Lookouts 9-2. It didn't even cause a momentary loss to Chattanooga composure.

Manager Frank Lucchesi turned to veteran right-handers Don Erickson and Warren Hacker, and they responded by restricting Shreveport to one run and five hits over the final 7-13 innings. Chattanooga, meanwhile, went to work on Sport hurling, scored in every inning except the eighth and walked off with a 12-9 triumph that stretched the Lookout lead to a full game over Birmingham and two games over third-place Atlanta.

The slugfest at Shreveport represented the only action in the Southern. Mobile was rained out at Atlanta and the other teams weren't scheduled.

Chattanooga opens a series tonight at home against Little Rock. Birmingham moves into Atlanta. Mobile to Macon and Nashville to Shreveport.

U of A to Honor Three Persons

FAYETTEVILLE, Ark. (AP) — Three persons will be honored as distinguished alumni at University of Arkansas commencement exercises June 3. They are Mrs. Lucy Hon Cuddy, board chairman of the First National Bank of Anchorage, Alaska; longtime University basketball coach Glen Rose, and Dr. Fount Richardson, head physician at the University infirmary and a past president of the American Academy of General Practice.

Pezziaroni and Frank Malzone as the Red Sox broke a 1-1 tie in a three-run fourth.

The Angels cut down one Washington runner at the plate in the eighth and escaped another score when rookie Chuck Hinton left third base to soon on Jim King's apparent sacrifice fly in the Senators' seventh. Los Angeles made the deciding run on a squeeze hunt by winner Eli Grba (4-4) in the sixth. Pete Burnside (2-2) was the loser.

Fight Reported in Khyber Pass

KARACHI, Pakistan (AP) — Afghan regular soldiers, reportedly have joined in the fighting around the Khyber Pass, where Pakistani forces have been battling Pathan tribal guerrillas.

President Mohammed Ayub Khan told newsmen that regulars from Afghanistan attacked a Pakistani border post Friday night with mortar and machine-gun fire. Pakistani officials said two Afghans were killed but did not give their own casualties. Fighting spread to two more posts Saturday.

There have been many clashes along the Khyber border region, just west of Peshawar. Afghanistan has been agitating for a separate Pushtoonistan state for the Pathan warrior tribes living on both sides of the border.

Quite a Wreck But All Escape

SCARBOROUGH, England (AP) — A young man and three girls driving in an automobile Sunday night collided with a panel truck, plunged over a 50-foot cliff, rolled nearly 500 feet over rough ground and came to a stop in a gully. The driver, John Guest, 20, was hospitalized with head injuries. The girls had only minor cuts and bruises.

Dodgers Take 5th in Row, Near Loop Top

By ED WILKS
Associated Press Sports Writer

The Los Angeles Dodgers, winning their fifth in a row, beat Cincinnati 2-1 in 10 innings behind the four-hit pitching of Stan Williams Monday night and remained just percentage points shy of first place in the National League race.

San Francisco stayed .014 percentage points ahead with a 3-1 victory at St. Louis. Third-place Pittsburgh, one game behind the Giants, defeated Milwaukee 2-1 in the only other NL game.

In the American League, the Detroit Tigers walloped Kansas City 10-2 and kept a 3½ game lead over Cleveland. The Indians beat Minnesota 7-5 in 15 innings, third-place New York defeated Baltimore 4-2, Boston rapped the Chicago White Sox 4-1 and the Los Angeles Angels beat Washington 6-4.

Williams, who struck out 11 when he beat the Braves, fanned 8 in this one and walked but 3 while blanking the Reds on two singles after they had tied it 1-1 in the first inning.

The Dodgers, winning their eighth in a row on the road, collected 10 hits, but barely pulled it out. Loser Bob Purkey (4-2) gave up a walk to Maury Wills opening the 10th, but after a sacrifice and Willie Davis' single moved him to third, Wills was nailed at the plate trying to score on Wally Moon's infield bouncer. A two-out single by Tommy Davis finally broke it up.

The Giants, after losing three in a row to the Dodgers, bounced back behind Jack Sanford (3-3) at St. Louis, cracking a shutout duel with two runs in the sixth off loser Ernie Broglio (3-5). Two singles, by Chuck Hiller and Harvey Kuenn, and errors by second baseman Alex Grammas and right fielder Joe Cunningham, both on a grounder by Willie Mays, gave the Giants one run.

Hobie Landrith's sacrifice fly produced the clincher. Orlando Cepeda closed it out with a home run, his 11th, tops in the NL, in the eighth inning.

Pittsburgh managed just four hits off Bob Buhl (1-4), but one was a tie-breaking home run by Dick Groat in the eighth. It was Groat's first of the year. Harvey Haddix (3-0) was the winner.

Lema Leads in National Open

LITTLE ROCK (AP) — Tony Lema of San Leandro, Calif., shot a 6-under-par 138 Monday to lead 29 qualifiers in a preliminary round of the National Open golf tournament.

The 28 will compete in regional rounds June 6. Most will play at Oklahoma City. They were among a field of 60 which tried for berths in qualifying at Riverdale Country Club.

Other preliminary rounds were held in other cities.

Bob Nichols and Gay Brewer both shot 147s. Jerry Steelsmith, who tied for second in the Hot Springs Open, shot a 144 and qualified. But Dave Ragan, who tied him for second in the first Springs meet, failed to qualify. Lema tied for 16th in the Hot Springs tournament.

ST. LOUIS (AP) — Lawson Hatfield of Little Rock was elected secretary of the Southern Baptist State Sunday School Secretaries' Association Monday at the group's annual meeting here.

Richards to Handle All Star Team

BOSTON (AP) — Surprised but pleased Paul Richards will make his debut in the All-Star baseball games — as American League manager.

Richards was named Monday by American League President Joe Cronin as pilot for the two games, July 11 at San Francisco and July 31 here.

Richards had never made an All-Star appearance.

Richards, named the AL manager-of-the-year when he directed Baltimore to a second place finish in 1960, commented in New York:

"I feel it is a great honor with grave responsibility which is generally recognized. The games mean a lot to all the players and we shall do our best to try to win."

"I am surprised I got the job. I thought it would go to Ralph Houk. But it is not for me to reason why."

Richards' selection marks only the third time since the late Connie Mack led the junior circuit players into the 1933 All-Star inaugural that the previous year's pennant winning manager has not automatically directed the team.

Cronin said the retirement of Casey Stengel, manager of the New York Yankees last year, necessitated the action. Cronin added that both Stengel and his successor, Houk, had been considered before Richards was picked.

The American League starters, except for the pitchers, will be chosen on the vote of all active AL players, managers and coaches. Richards will name the rest of the squad including the pitchers and two coaches.

Arkansan Dies in Air Crash

MONTGOMERY, Ala. (AP) — L.L. Dennis N. Lachowsky of Conway, Ark., was one of two Air Force fliers killed Saturday when their T33 jet trainer overshot a runway and skidded in flames, to the edge of a busy highway. Lachowsky and Capt. William H. Knutson of Church's Ferry, N.D., were ejected at Craig Air Force Base at Selma, Ala. Cause of the crash was not determined.

Hearing Set in Integration Case

LITTLE ROCK (AP) — U.S. District Judge Gordon E. Young today set for Monday a new hearing in the Little Rock school integration case.

At that time Young will hear arguments on a proposed decree under an opinion of the U.S. Circuit Court of Appeals last March.

Negro attorneys have asked Young to order desegregation of junior high schools starting next fall. The Little Rock School Board met today in closed session to make pupil assignments for next fall and presumably to decide what to do about junior high school integration.

Texarkanian Elected

KANSAS CITY (AP) — E.D. Trice of Texarkana, Ark., was nominated Monday for treasurer of the National Congress of Parents and Teachers. His election was considered a formality.
